

Congratulations

Scholarship Altair - Jessica Johal

Service Altair - Meredith Edmonston

Leadership Altair - Kalena Raman

Grand Altair - Ellie Tsao

Congratulations to the Class of 2023! We look forward to celebrating our graduating seniors and their families at the Concord Pavilion on Thursday, June 1, 2023.

The end of the school year marks a special time celebrating individual achievements. Congratulations to our exceptional athletes, department scholars, and Altair award recipients.

Different than traditional valedictorian and salutatorian selections, the highest recognition a CVCHS student can achieve are the Altair Awards for Scholarship, Service, Leadership, and Grand Altair.

The four awards were established by the first graduating class from Clayton Valley in 1960. Altair candidates are nominated by members of the Senior Class, and a final decision is determined by a special committee comprised of student leaders and teaching staff.

CVCHS wishes each of our graduating seniors the very best to begin your new adventure and preparation for a great future. You will always be remembered for having the courage to be "Ugly Strong" in your quest for a high school diploma.

2003 CVCHS Altairs

Scholarship Altair - Jessica Johal

The Scholarship Altair is awarded to the student selected from the top six seniors and is judged by not only the grades a student has received, but the difficulty of his/her coursework. Jessica will be attending UCLA.

Service Altair - Meredith Edmonston

The Service Altair is awarded to the student who best exemplifies the virtue of selfless giving. Students who are given this award volunteer their time and effort, not because it is expected of them, but because they possess integrity and commitment to the greater good of the school and the community. Meredith will be attending the University of California, Irvine.

Leadership Altair - Kalena Raman

The Leadership Altair is awarded to the student who is able to motivate and encourage others to reach for a goal while exercising one's own efforts to do the same. True leaders are respected not because they have titles, but because they have a character that is honest and the confidence that compels others to follow them. Kalena will be attending San Diego State University.

Grand Altair - Ellie Tsao

The Grand Altair is awarded to the student who has a 4.0 GPA or higher and represents all three areas: Scholarship, Leadership, and Service. Ellie exemplifies the very best of an Ugly Eagle -- an outstanding student, confident leader, and community member. CVCHS is inspired by your level of leadership, character, and commitment. Ellie will be attending UCLA.

RE: Congratulations Clayton Valley Charter High School Class of 2023

Dear CVCHS graduates,

I send my sincere congratulations to the Class of 2023. Over the duration of your time in high school, you have faced many challenges. Adjusting to a new environment, juggling extracurricular activities, and navigating a post-pandemic world are just a few you may have confronted.

Despite all of that, I want you to take the time to appreciate all you have learned and conquered over these pivotal years – it is important to appreciate coming together, in person, to celebrate the hard work that has led you to this very moment.

As a generation of students who have faced unique circumstances, I want you to remember how these challenges taught all of us to look at things differently, change long-standing approaches of how we achieve our goals, look out for one another, and how these last few years forced the world to be innovative beyond what we thought was possible.

As you move into this new chapter of your life, these skills that you have gained, in addition to your own experiences and cultural backgrounds, will serve you with the knowledge and tenacity to become our future leaders.

Again, I extend my sincere congratulations to all of the 2023 graduates and wish you much success. Your futures are bright. Your graduation from Clayton Valley Charter High School is only the beginning of the achievements you will accomplish!

Sincerely,
Steven M. Glazer
